This fun excursion begins at the pier when you board an air-conditioned coach, together with an experienced and knowledgeable guide to provide information and point out places of interest on the way. Leaving George Town, you will take the scenic route past Seven Mile Beach, with a number of stunning five-star hotels to view as you go. A quick stop will be made at the Governor's Residence, the official home of the Governor of the Cayman islands, after which you will head for the island's famous Sea Turtle Farm, the only one of its kind in the world. Founded in 1968, the research centre has since played a vital role in the protection and conservation of these endangered sea creatures, some of which can weigh as much as 600 lbs. Your visit will give you a chance to see various species of turtle and Cayman iguanas, hold a turtle in your hands, take photos and explore the gift shop for a fitting memento. Your next stop will be at the Tortuga Rum Cake factory, where you can sample the world-famous "Tortuga rum cake", before you make your way to Hell. This hilariously named Cayman town is the perfect spot from which to send postcards, aptly postmarked "Mailed from Hell". **CAYMAN BEACH BREAK & STINGRAY CITY COMBO. (4.5 HRS) - GCA40****Duração**  
4:30 h

The coastal waters around Grand Cayman are home to the fascinating southern stingray, an incredibly graceful marine animal that appears to have a fondness for a certain species of land dweller: humans. The unique experience of meeting these friendly fish is the first highlight on this relaxing tour, which begins with a short ride in an air-conditioned coach to reach the Cayman Islands Yacht Club. Once you've boarded the fully equipped snorkel boat, you'll cruise straight to Stingray City, where you'll then get to both feed and play with the stingrays - a magic moment if ever there was one. After returning to the Yacht Club, an air-conditioned drive will see you reach the tour's second highlight: the beach. And not just any beach, but rather Seven Mile Beach - a breathtaking stretch of seemingly endless golden sand. Use of beach amenities such as loungers, freshwater showers, toilet facilities and changing rooms is included in the price of the tour, but participating in any additional water sports offered at the beach is subject to additional expense and is entirely at your own risk. ## REEF & WRECK SNORKEL & TIKI BEACH (4.5 HRS) - GCA30

**Duração**  
4:30 h

Not one, but two of the Cayman Island's most popular snorkelling sites are yours to enjoy on this gentle activity tour, whose first stop is at the wreck of the Cali. Having now lain underwater at a depth of about 15 feet for 40 years, the wreck has provided a suitable superstructure for an abundant growth of coral and its concomitant marine wildlife, including moray eels, lobsters and sea turtles. Leaving the wreck behind, you will then head for the second snorkelling site: the so-called Cheeseburger Reef, so named only because it lies right in front of a Burger King outlet! This superb snorkelling location reveals its special splendour at a depth of about 25 feet, where the coral reef system supports a huge variety of marine life. The last stop on the tour will then be Tiki Beach - part of Seven Mile Beach - to enjoy the facilities and simply relax. Use of a lounge chair, changing rooms and freshwater showers as well as a welcoming glass of punch (either with or without alcohol) are included in the price of the tour. However, friends of more active pursuits are equally catered to at an additional charge with kayaking and jet skiing - to name but a few - on offer as well. Tiki Beach also features full bar service and an à-la-carte restaurant at additional cost. Your fun-filled tour comes to a close with your return to the port and your ship. Please note: guests under the age of 16 must be accompanied by a paying adult. Additional water sports activities are offered at the beach, the cost of which is not included in the price of the tour; guests taking part in such activities do so entirely at their own risk.

When you tell your friends and family about this excursion on your return back home, you will rightfully be able to claim that it took you to Hell and back. But as Hell is only the name of a town on Grand Cayman, there's no need for undue concern. After leaving the pier, an air-conditioned coach will take you through George Town and up the western coastline, past the white powdery sands of Seven Mile Beach, the Governor's Mansion and the quaint architecture of a historical Caymanian home before reaching Turtle Farm. Green and hawksbill turtles are bred and raised at this sea turtle nursery every year, with many later being released back into the wild. The tour then continued on up to the northwest of the island and the already mentioned town of Hell, which is named after an unusual rock formation. Postcards mailed from here are sure to raise a smile at home since each will be postmarked: "Mailed from Hell. After your return to George Town, a further transfer will take you to Tiki Beach where you can enjoy the facilities, kick back and simply relax. **NASSAU 360° (3 HRS) - NAS09****Duração**  
3 h

Round out your time in the Bahamas with a trip around the country's picturesque capital, Nassau, on this 360° sightseeing tour. A short walk from the pier first takes you to your coach, after which you will begin your exploration of the city and the surrounding area. In the early 18th century, the thinly populated Bahamas were taken over by pirates and declared a "pirate republic, which then attracted other shady characters such as the infamous pirate, Edward "Blackbeard" Teach. On leaving the city, you will then head out to the nearby countryside, passing by authentic villages that are rich in history and heritage on the way. The mansions, cathedrals and 18th-century fortresses have been beautifully preserved, so do bring your camera for some snapshots of your tour. A stop will also be made at a local beach for a quick dip before you begin your return drive to the port and your ship. Please note: guests are recommended to bring a towel, sunscreen and sunglasses. There are no lifeguards at the public beaches and swimming is at your own risk. Please do not leave personal effects unattended. Children must be under the supervision of a parent/guardian at all times during the tour.

**DISCOVER ATLANTIS (2 - 4 HRS) - NAS02****Duração**  
2 h

When tour destinations are as evocatively named as Paradise Island and Atlantis Lagoon, you can be sure of one thing: a fabulous time. Once you have boarded your coach at the pier in Nassau on New Providence Island, you will first head north to cross over to Paradise Island and the Atlantis Resort. Since the Bahamas are a favourite contender for the place where the legendary city of Atlantis was once said to have stood, the resort features a faux archaeological site - simply named "The Dig" - that recreates what the ruins of ancient Atlantis might look like. Apart from taking you through the many fascinating exhibits of The Dig, your guided tour also includes a visit to Predator Lagoon, fittingly named for the sharks, barracudas and many other creatures from the deep that live there. As you make your way through the maze of underground passageways, have fun discovering archaeological artefacts and hieroglyphics while surrounded by a stunning civilization of sea animals. Expert guides will lead you through the ancient streets and help you to decode the legend of Atlantis as well as providing fascinating information on the habitat and behaviour of the marine wildlife. Please note: Access to the pools, slides and beaches is not included in the tour. A shuttle bus will return you to the ship; information on the bus timetable will be provided before arriving at Atlantis.
